

April 20, 2021

(Outbreak) situation of COVID-19 infected people (2021-2022 academic year)

(Outbreak) situation of COVID-19 infected people (April 12—April 18, 2021)

We would like to inform you about the outbreaks of COVID-19 infections at our University that have been confirmed so far. [April 12 (Monday)—April 18 (Sunday)]

(At Tenri University, the case is announced on our webpage, etc. only when a person infected with COVID-19 uses the facilities related to our University.)

Number of newly infected people: of the 15 people
Out of which 8 belong to the same club.

We sincerely pray for the speedy recovery of those who have been confirmed to be infected.

We will continue to work to prevent the spread of infection throughout the University in cooperation with related organizations such as health centers.

We ask for your understanding and consideration to respect the human rights of the infected students and related parties, and to protect personal information.

[Those healed as of April 30 : 15 people](#)
