

April 27, 2021

(Outbreak) situation of COVID-19 infected people (2021-2022 academic year)

(Outbreak) situation of COVID-19 infected people (April 19—April 25, 2021)

We would like to inform you about the outbreaks of COVID-19 infections at our University that have been confirmed so far. [April 19 (Monday)—April 25 (Sunday)]

(At Tenri University, the case is announced on our webpage, etc. only when a person infected with COVID-19 uses the facilities related to our University.)

Number of newly infected people: 4 people

We sincerely pray for the speedy recovery of those who have been confirmed to be infected.

We will continue to work to prevent the spread of infection throughout the University in cooperation with related organizations such as health centers.

We ask for your understanding and consideration to respect the human rights of the infected students and related parties, and to protect personal information.
