

June 15, 2021 【to All Students and Faculty Members of Tenri University】

Regarding class format after June 21 (Monday)

Tenri University Novel Coronavirus Emergency Response Headquarters
Director-general (President) Noriaki Nagao

On June 13, we have decided the following at the 30th Novel Coronavirus Emergency Response Headquarters Meeting:

1. Based on the activity guideline, the phase will be “III” from June 21

Comprehensively judging the current infection status in Nara, Osaka, and Kyoto prefectures, the activity guideline of our University will be “Phase III” from June 21 (Monday).

As a result, in principle, classes with 50 or less students will be “face-to-face.” In principle, online classes are conducted “on demand.” (Depending on the class, even if the number of students is 50 or less, it may be conducted online. Please check with the faculty in charge of your class to see how the class will be conducted.)

For students who are anxious about going to school, the University will take a special care of their attending face-to-face classes.

2. Regarding the spring semester final examination

The spring semester final examination will be held as scheduled between July 15 (Thursday) and July 21 (Wednesday).

Please check the notice regarding the final examination schedule.

3. Please refrain from going out unnecessarily, refrain from social gatherings and so called drinking parties, and try to keep quiet when eating to reduce the risk of infection as much as possible

Infection cases continue to be confirmed at a high level in Nara Prefecture as well as in neighboring prefectures, and in order to overcome

the current crisis, it is necessary for each to take measures to prevent infection.

In Nara Prefecture, we are implementing “emergency countermeasures” in order to control the spread of infection with a strong sense of crisis and to promote efforts to save lives with all our might. Please thoroughly implement the infection prevention measures listed on the Nara Prefecture website.

4. Thorough consideration for students who use public transportation and students who are anxious about attending face-to-face classes

Due to COVID-19, it is understandable that some students will have difficulties coming to campus due to various reasons.

As posted on the Campus Square on May 13, Tenri University has requested faculty members to secure opportunities to attend face-to-face lessons through online distribution and post-distribution of lecture videos, taking into consideration the circumstances of the students, without forcing them to physically come to the classrooms.

Also, if you feel unwell, please check the “<Tenri University> Coronavirus Infectious Disease Response Flow Chart” and contact the instructor in charge of the class or the Student Affairs Section to consult about the class you are taking.
